The best wagyu beef in the world comes from Japan. We get it from Japan's Miyazaki and Hyogo prefectures. Cows are raised in super comfortable conditions: carefully selected grain diet, warmed up with blankets, and protected from stress and overwork. Due to marbling (a large number of layers of fat), wagyu dishes are especially tender and literally melt in your mouth, like a creamy ice cream, leaving a bright aftertaste. For you, we have selected the highest marble score wagyu – A5. Taste the emotions!
