OUR **BRANDED LIQUEURS**

Alcoholic drink. It is prepared by infusing alcohol or vodka on various fruits, seeds, spices, fragrant and medicinal herbs. The liqueur has many useful properties. It strengthens the immune system. Liqueurs are good for the body, because they are infused with natural plants that improve metabolic processes.

Liqueurs can be consumed both in their pure form, with water or with ice, and in cocktails.

**Any liqueur is perfect
as an aperitif.**
